

PARTICIPATION/ORGANISATION OF CONFERENCES

Regular participation starting from 1986 in the European Conference on Earthquake Engineering, often serving as chairman. From 01-09-1986 to today

Participation as a speaker with a paper: BRISEGHELLA L., NEGRO P. – "The Venzone and Gemona Cathedrals Reconstruction after the 1976 Friuli Earthquake", 8th European Conference on Earthquake Engineering, Lisbon, 1986. From 07-09-1986 to 12-09-1986

Participation as a speaker with a paper: BRISEGHELLA L., NEGRO P. – "Seismic Risk for the Veneto Area", 8th European Conference on Earthquake Engineering, Lisbon, 1986. From 07-09-1986 to 12-09-1986

Participation as a speaker with a paper: BRISEGHELLA L., NEGRO P. – "Un Sistema per la Valutazione della Scuotibilità a Partire dal Catalogo dei Terremoti", 3rd Italian Conference on Earthquake Engineering, Rome, 1987. From 30-09-1987 to 02-10-1987

Regular participation starting from 1988 in the World Conference on Earthquake Engineering. Regular service as chairman, organizing the special session "Sustainability issues in earthquake engineering" at the last edition. From 02-08-1988 to today

Participation as a speaker with a paper: BRISEGHELLA L., GORI R., NEGRO P. – "Seismic Isolation of Pier Bridges", 9th World Conference on Earthquake Engineering, Tokyo, 1988. From 02-08-1988 to 09-08-1988

Participation as a speaker with a paper: PINTO A.V., NEGRO P., JONES P.M. – "Comparative Analysis of R/C Buildings Designed According to EC8 (Frame and Shear Wall)", 10th World Conference on Earthquake Engineering, Madrid, 1992. From 19-07-1992 to 24-07-1992

Participation as a speaker with a paper: NEGRO P., JONES P.M., PINTO A.V. – "A Reduced Degree of Freedom Approach in the Pseudodynamic Test Method", 10th World Conference on Earthquake Engineering, Madrid, 1992. From 19-07-1992 to 24-07-1992

Participation as a speaker with a paper: NEGRO P., VERZELETTI G. – "Experimental Investigations in Seismic Engineering: The Pseudodynamic Method" Seminar "Advances in Testing for Constructions", CIAS, October 9-10 1992, Ispra, Italy. From 09-10-1992 to 10-10-1992

Participation as a speaker with a paper: NEGRO P. – "A Variable Mass Formulation in the Pseudodynamic Test Method", Workshop on Damage, Cyclic Tests and Pseudodynamic, June 2-3 1994, Naples. From 02-06-1994 to 03-06-1994

Participation as a speaker with a paper: NEGRO P., PINTO A.V. – "Analysis and PSD Testing of a Full-Scale R/C Frame Designed According to EC8", Earthquake Resistant Construction and Design, Savidis (Ed.), Rotterdam, 2nd International Conference on Earthquake Resistant Construction and Design, June 15-17 1994, Berlin. From 15-06-1994 to 17-06-1994

Participation as a speaker with a paper: NEGRO P., VERZELETTI G., MAGONETTE G.E. – "Full-Scale Pseudodynamic Test on a Four-Story R/C Building: Construction and Preliminary Tests", 5th U.S. National Conference on Earthquake Engineering, July 10-14 1994, Chicago. From 10-07-1994 to 14-07-1994

Participation as a speaker with a paper: PINTO A.V., NEGRO P., PEGON P., AREDE A. – "Analysis of the 4 Storey R/C Building to be Tested in the ELSA-Reaction Wall Facility", 10th European Conference on Earthquake Engineering, August 28 - September 2 1994, Vienna. From 28-08-1994 to 02-09-1994

Participation as a speaker with a paper: NEGRO P., VERZELETTI G., MAGONETTE G.E., RENDA V. – "Pseudodynamic Testing of a Four-Storey Full-Scale Reinforced Concrete Frame Building Designed in Accordance with Eurocodes 2 and 8" - 10th European Conference on

Earthquake Engineering, August 28 - September 2 1994, Vienna. From 28-08-1994 to 02-09-1994
Participation as a speaker with a paper: DONEA J., MAGONETTE G., NEGRO P., PEGON P., PINTO A., VERZELETTI G. – "Pseudodynamic Testing of Civil Engineering Structures at the ELSA Reaction Wall", 10th European Conference on Earthquake Engineering, August 28 - September 2 1994, Vienna. From 28-08-1994 to 02-09-1994
Participation as a speaker with a paper: CARDONA A., NEGRO P. – "Nuevo Metodo de Calculo para el Ensayo Pseudodinamico", Jornadas Argentinas de Ingeniería Estructural, October 3-5 1994, Buenos Aires. From 03-10-1994 to 05-10-1994
Participation as a speaker with a paper: NEGRO P., BONACINA G., INDIRLI M. – "The Northridge Earthquake (Los Angeles) of January 17, 1994", 10th CTE Congress, November 3-5 1994, Milan. From 03-11-1994 to 05-11-1994
Participation as a speaker with a paper: DONEA J., MAGONETTE G., NEGRO P., PEGON P., PINTO A., VERZELETTI G. – "Pseudodynamic Testing of Large-Scale Models of Civil Engineering Structures at ELSA", Workshop on Collaborative European Research for Seismic Risk Prevention and Reduction, November 9-11 1994, Seriate (BG), Italy. From 09-11-1994 to 11-11-1994
Participation as a speaker with a paper: NEGRO P., PINTO A.V. – "Large-Scale Pseudodynamic Tests on Highly Irregular Bridges", Italy-Japan Workshop on Seismic Design and Retrofit of Bridges, March 13-14 1995, Tsukuba, Japan. From 13-03-1995 to 14-03-1995
Participation as a speaker with a paper: CALVI G.M, DONEA J., NEGRO P., VERZELETTI G. – "Lessons Learned from Mobilizing International Collaboration in the Construction and Operation of the ELSA Laboratory", Workshop on Assessment of Earthquake Engineering Research and Test Facilities, July 31-August 1, 1995, San Francisco. From 31-07-1995 to 01-08-1995
Participation as a speaker with a paper: DONEA J., MAGONETTE G., NEGRO P., PEGON P., PINTO A., VERZELETTI G. – "Pseudodynamic Testing of Large-Scale Models of Civil Engineering Structures at ELSA", 18th European Regional Seminar of Earthquake Engineering, September 4-8 1995, Lyon, France. From 04-09-1995 to 08-09-1995
Participation as a speaker with a paper: NEGRO P., VERZELETTI G. – "Pre-normative Research for Eurocode 8: Large-Scale Pseudodynamic Tests", 7th National Conference "Seismic Engineering in Italy", September 25-28 1995, Siena, Italy. From 25-09-1995 to 28-09-1995
Participation as a speaker with a paper: INUKAI M., HIRAISHI H., FUKUTA T., NAKATA S., NEGRO P. – "Investigation of Damage to Buildings following the Hyogoken Nanbu Earthquake", 7th National Conference "Seismic Engineering in Italy", September 25-28 1995, Siena, Italy. From 25-09-1995 to 28-09-1995
Participation as a speaker with a paper: DONEA J., MAGONETTE G., NEGRO P., PEGON P., PINTO A., VERZELETTI G. – "Large-scale Testing at the ELSA Reaction Wall in Support of Eurocode 8", SECED Conference, October 26-27 1995, Chester, U.K. From 26-10-1995 to 27-10-1995
Participation as a speaker with a paper: PINTO A.V., NEGRO P. – "Seismic Testing of Large-Scale Bridges", U.S. National Seismic Conference on Bridges and Highways, December 10-13 1995, San Diego, California. From 10-12-1995 to 13-12-1995
Participation as a speaker at a conference with paper: MOLINA F.J., GUTIERREZ E., MAGONETTE G., NEGRO P., TIRELLI D., VERZELETTI G. – "Pseudo-dynamic Simulation of Base Isolation on a Reinforced Concrete Building by means of Substructuring", 1st European Conference on Structural Control, Barcelona, Spain, 1996. from 29-05-1996 to 31-05-1996
Participation as a speaker at a conference with paper: PINTO A.V., VERZELETTI G., MAGONETTE G., PEGON P., NEGRO P., GUEDES J. – "Pseudo-Dynamic Testing of Large-Scale R/C Bridges in ELSA", 11th World Conference on Earthquake Engineering, June 23-29 1996, Acapulco, Mexico. from 23-06-1996 to 29-06-1996
Participation as a speaker at a conference with paper: NEGRO P., TAYLOR, C.A. – "Effect of

Infills on the Global Seismic Behaviour of R/C Frames: Results of Pseudodynamic and Shaking Table Test”, 11th World Conference on Earthquake Engineering, June 23-29 1996, Acapulco, Mexico. From 23-06-1996 to 29-06-1996

Regular participation from 1996 to 2008 at the conference "European Workshop on the Seismic Behaviour of Asymmetric and Set-back Structures," almost always as a member of the technical committee. from 04-09-1996 to 17-09-2008

Participation as a speaker at a conference with paper: PINTO A.V., NEGRO P. – “Regularity Issues for Bridges”, 1st European Workshop on the Seismic Behaviour of Asymmetric and Set-Back Structures, October 4-5 1996, Anacapri, Isle of Capri, Italy. from 04-10-1996 to 05-10-1996

Participation as a speaker at a conference with paper: NEGRO P., COLOMBO A. – “Seismic Behaviour of Uniformly and Irregularly Infilled Frames”, 1st European Workshop on the Seismic Behaviour of Asymmetric and Set-Back Structures, October 4-5 1996, Anacapri, Isle of Capri, Italy. From 04-10-1996 to 05-10-1996

Participation as a speaker at a conference with paper: COLOMBO A., NEGRO P. – “Irregularities Induced by Non-Structural Masonry Panels: Use of Simplified Models”, 11th CTE Congress, November 7-9 1996, Naples. From 07-11-1996 to 09-11-1996

Participation as a speaker at a conference with paper: PINTO A.V., NEGRO P. – “Experimental Assessment of Bridges with Isolation and Non-Synchronous Input Motion”, 2nd Italy-Japan Workshop on Seismic Design and Retrofit of Bridges, February 27-28 1997, Rome. From 27-02-1997 to 28-02-1997

Participation as a speaker at a conference with paper: NEGRO P, VERZELETTI G., COLOMBO A., FRANCHIONI G., FARDIS M.N., BOUSIAS S.N. – “Pre-normative Research for EC8: Infilled Frames”, 8th National Conference "Seismic Engineering in Italy", September 21-24 1997, Taormina, Italy. From 21-09-1997 to 24-09-1997

Participation as a speaker at a conference with paper: NEGRO P., RENDA V., BONO F., SORACE S. – “Seismic Rehabilitation Strategies for Italian Historical Buildings”, 2nd Japan-Turkey Workshop on Earthquake Disaster Prevention, February 23-25 1998, Istanbul. From 23-02-1998 to 25-02-1998

Participation as a speaker at a conference with paper: BAIRAKTARIS D., FRONDISTOU Y.S., KALLES D., KALLIDROMITIS V., KOTROTSIOS G., NEGRO P. – “Detection and Assessment of Seismic Damage in Reinforced Concrete, Transportation, Primary Tunnel Linings”, 1st EU-Japan Workshop on Seismic Risk, March 24-26 1998, Chania, Crete, Greece. from 24-03-1998 to 26-03-1998

Participation as a speaker at a conference with paper: PINTO A.V., NEGRO P., TAUCER F. – “Testing of Bridges with Isolation/Dissipation Devices at the ELSA Laboratory”, US-Italy Workshop on Seismic Protective Systems for Bridges, April 26-28 1998, New York City, New York. From 26-04-1998 to 28-04-1998

Participation as a speaker at a conference with paper: COLOMBO A., NEGRO P., VERZELETTI G. – “Infilled Frames: Certainties and Uncertainties”, 11th European Conference on Earthquake Engineering, September 6-11 1998, Paris. From 06-09-1998 to 11-09-1998

Participation as a speaker at a conference with paper: PANZERI P., PEANO A., PEZZOLI P., CASTELLANI A., CASTIGLIONI C.A., CHESI C., COLOMBO A., NEGRO P., TAUCER F., PLUMIER A., CARYDIS P. – “Improved Assessment of Steel Buildings’ Performance During Earthquakes” Workshop on Reducing Earthquake Risks to Structures and Monuments in the EU, Cambridge, UK, November 26-27 1998. from 26-11-1998 to 27-11-1998

Participation as a speaker at a conference with paper: BAIRAKTARIS D., FRONDISTOU-YANNAS S., KALLES D., STATHAKI A., KALLIDROMITIS V., KOTROTSIOS G., NEGRO P., COLOMBO A. - “Intelligent Monitoring of Seismic Damage in Reinforced Concrete Tunnel Linings”, Workshop on Reducing Earthquake Risks to Structures and Monuments in the EU,

Cambridge, UK, November 26-27 1998. From 26-11-1998 to 27-11-1998

Participation as a speaker at a conference with paper: COLOMBO A., NEGRO P., CASTELLANI A. - "Seismic Adjustment of a Non-Ductile Building Using Composite Materials", 9th National Conference "Seismic Engineering in Italy", September 20-23 1999, Turin, Italy. From 20-09-1999 to 23-09-1999

Participation as a speaker at a conference with paper: JAMIOLKOWSKI M., LO PRESTI D.C.F., PUCI I., NEGRO P., VERZELETTI G., MOLINA J.F., FACCIOLI E., PEDRETTI S., PEDRONI S., MORABITO P. - "Large Scale Geotechnical Experiments on Soil-Foundation Interaction", 2nd International Symposium on Pre-Failure Characteristics of Geomaterials, Turin, September 27-29 1999. From 27-09-1999 to 29-09-1999

Participation as a speaker at a conference with paper: NEGRO P., MOLINA F.J. – "Bi-directional pseudo-dynamic test on a three-storey, full-scale composite asymmetric building", 2nd European Workshop on the Seismic Behaviour of Irregular and Complex Structures, Istanbul, October 1999. From 01-10-1999 to 02-10-1999

Participation as a speaker at a conference with paper: JARA J.M., NEGRO P. - "Analytical and Experimental Behaviour of a Concrete Structure Repaired with Carbon Fiber," XII National Congress of Seismic Engineering, Morelia, Michoacán, Mexico, November 17-20, 1999. From November 17, 1999, to November 20, 1999.

Participation as a speaker at a conference with paper: CHAVEZ F.J., FACCIOLI E., NEGRO P. - "Is it Possible to Include 2D Site Effects in Construction Regulations?", XII National Congress of Seismic Engineering, Morelia, Michoacán, Mexico, November 17-20, 1999. From November 17, 1999, to November 20, 1999.

Participation as a speaker at a conference with paper: CASTELLANI A., NEGRO P., COLOMBO A., CASTELLANI M. - "Experimental Response of a Non-Ductile Reinforced Concrete Building Rehabilitated by Means of Fiber Reinforced Polymers," 12th World Conference on Earthquake Engineering, Auckland, New Zealand, January 30 - February 4, 2000. From January 30, 2000, to February 4, 2000.

Participation as a speaker at a conference with paper: NEGRO P., PAOLUCCI R., PEDRETTI S., FACCIOLI E. - "Large Scale Soil-Structure Interaction Experiments on Sand Under Cyclic Loading," 12th World Conference on Earthquake Engineering, Auckland, New Zealand, January 30 - February 4, 2000. From January 30, 2000, to February 4, 2000.

Participation as a speaker at a conference with paper: COLOMBO A., NEGRO P., VERZELETTI G. - "Improving Ductility and Energy-Dissipation Capacity of Infills by Means of Polymeric Nets," 12th World Conference on Earthquake Engineering, Auckland, New Zealand, January 30 - February 4, 2000. From January 30, 2000, to February 4, 2000.

Participation as a speaker at a conference with paper: GERADIN M., NEGRO P. - "The European Laboratory for Structural Assessment and Its Role for the Validation of European Seismic Codes," 2nd EuroConference on Earthquake Risks in Europe, Laxenburg, Austria, July 6-9, 2000. From July 6, 2000, to July 9, 2000.

Participation as a speaker at a conference with paper: NEGRO P., PINTO A.V., GERADIN M. – "What Do We Learn from Large-Scale Testing?", 24th Conference Our World in Concrete & Structures, Singapore, August 23-25, 2000. From August 23, 2000, to August 25, 2000.

Participation as a speaker at a conference with paper: NEGRO P. – "Performance Based Design: Current Status of Research/Practice in Europe," International Workshop on Performance-Based Building Structural Design, Tsukuba, Japan, November 13-15, 2000. From November 13, 2000, to November 15, 2000.

Participation as a speaker at a conference with paper: COLOMBO A., NEGRO P. – "Advanced Materials for Strengthening, Rehabilitation and Repair of Structures: Experimental Activities at ELSA," Workshop on Mitigation of Seismic Risk – Support to Recently Affected European

Countries. Belgirate, Italy, November 27-29, 2000. From November 27, 2000, to November 29, 2000.

Participation as a speaker at a conference with paper: GERADIN M., NEGRO P., COLOMBO A. – “The Role of the European Laboratory for Structural Assessment in the Validation and Improvement of Eurocode 8,” Workshop on Mitigation of Seismic Risk – Support to Recently Affected European Countries. Belgirate, Italy, November 27-29, 2000. From November 27, 2000, to November 29, 2000.

Participation as a speaker at a conference with paper: PINTO A., NEGRO P., COLOMBO A., VARUM H. – “The Use of FRPs in Seismic Repair and Retrofit: Experimental Verification,” Workshop CCC 2001 – Composites in Construction, Porto, Portugal, October 10-12, 2001. From October 10, 2001, to October 12, 2001.

Participation as a speaker at a conference with paper: CASTELLANI A., NEGRO P. – “Conventional Ultimate Resistance and Incipient Collapse Conditions,” Workshop “Collapses and Reliability of Civil Structures,” Venice, December 6-7, 2001. From December 6, 2001, to December 7, 2001.

Participation as a speaker at a conference with paper: TAUCER F., NEGRO P. – “A Displacement-Based MDOF Technique to Account for the Effects of Infills in Framed Structures,” 4th Symposium on Implications of Recent Earthquakes on Seismic Risk, Tokyo, May 27-28, 2002. From May 27, 2002, to May 28, 2002.

Participation as a speaker at a conference with paper: VUKAZICH S., NEGRO P., PRIMI S., COLOMBO A. – “Performance of a Repaired Four-Story Reinforced Concrete Frame Using Carbon Fiber Reinforced Polymer Jackets,” 7th US Conference on Earthquake Engineering, Boston, Massachusetts, July 21-25, 2002. From July 21, 2002, to July 25, 2002.

Participation as a speaker at a conference with paper: BALSAMO A., COLOMBO A., MANFREDI G., NEGRO P., PROTA A. – “Full-Scale Test on a Reinforced Concrete Dual System Repaired with Advanced Composites,” 12th European Conference on Earthquake Engineering, London, September 9-13, 2002. From September 9, 2002, to September 13, 2002.

Participation as a speaker at a conference with paper: COLOMBO A., FARDIS M.N., MOLINA J., NEGRO P., PANAGIOTAKOS T.B., TSIONIS G. – “Pseudodynamic Response of Dual Reinforced Concrete Structure with Different Designs,” 12th European Conference on Earthquake Engineering, London, September 9-13, 2002. From September 9, 2002, to September 13, 2002.

Participation as a speaker at a conference with paper: COLOMBO A., NEGRO P. – “Effects of Strength Deterioration on Inelastic Seismic Demands,” 12th European Conference on Earthquake Engineering, London, September 9-13, 2002. From September 9, 2002, to September 13, 2002.

Participation as a speaker at a conference with paper: NEGRO P., MOLA E. – “Current Assessment Procedures: Application to Regular and Irregular Structures Compared to Experimental Results,” 3rd European Workshop on the Seismic Behaviour of Irregular and Complex Structures, Florence, September 17-18, 2002. From September 17, 2002, to September 18, 2002.

Participation as a speaker at a conference with paper: BIONDINI F., FERRARA L., NEGRO P., TONIOLO G. – “Results of Pseudodynamic Tests on a Prototype of Prefabricated Reinforced Concrete Frame,” 14th CTE Congress, Mantova, Italy, November 7-9, 2002. From November 7, 2002, to November 9, 2002.

Participation as a speaker at a conference with paper: NEGRO P., MOLA E. - “Open Problems in the Design of Irregular Buildings,” Proc. of 2nd Specialty Conference on ‘The Conceptual Approach to Structural Design,’ Milan, July 2003. From July 1, 2003, to July 2, 2003.

Participation as a speaker at a conference with paper: NEGRO P., MOLA E. - “Design of Irregular Buildings: Research Activities,” Proc. of 2nd Specialty Conference on the Conceptual Approach to Structural Design, Milan, July 2003. From July 1, 2003, to July 2, 2003.

Participation as a speaker at a conference with paper: NEGRO P., MOLA E. - "Full-Scale Bi-Directional PsD Testing of a Torsionally Unbalanced Three-Storey Non-Seismic RC Frame Structure: Pre-Test Activity," Proc. of Krynica 2003: Conference on Scientific Problems in Civil Engineering, Krynica, September 2003. From September 1, 2003, to September 2, 2003.

Participation as a speaker at a conference with paper: COLOMBO A., NEGRO P., FERRARA L., TONIOLO G. - "On the Seismic Behaviour of Prefabricated Structures," 11th National Conference "Seismic Engineering in Italy," January 25-29, 2004, Genoa, Italy. From January 25, 2004, to January 29, 2004.

Participation as a speaker at a conference with paper: FERRARA L., NEGRO P. - "Inelastic Seismic Response of FRP-Repaired Reinforced Concrete Frames," 11th National Conference on Earthquake Engineering, Genoa, January 25-29, 2004. From January 25, 2004, to January 29, 2004.

Participation as a speaker at a conference with paper: NEGRO P. - "Safety Level of Buildings and the Concept of Performance-Based Design," International Conference on Structural Engineering, Bali, October 14-16, 2004. From October 14, 2004, to October 16, 2004.

Participation as a speaker at a conference with paper: PANAGIOTAKOS T.B., MOLINA J., COLOMBO A., NEGRO P. - "Seismic Performance of Dual RC Structures with Variable Designs: Experimental Results," 3rd International Conference on Earthquake Engineering, Hong Kong, October 12-14, 2005. From October 12, 2005, to October 14, 2005.

Participation as a speaker at a conference with paper: MOLA E., NEGRO P. - "Full scale PsD testing of the torsionally unbalanced SPEAR structure in the 'as-built' and retrofitted configurations," Seismic Performance Assessment and Rehabilitation of Existing Buildings, Proc. of an International Workshop, Ispra (Italy), April 4-5, 2005. From April 4, 2005, to April 5, 2005.

Participation as a speaker at a conference with paper: DIMOVA S., NEGRO P., PINTO A. - "Quality of construction aspects in seismic fragility assessment," Seismic Performance Assessment and Rehabilitation of Existing Buildings, Proc. of an International Workshop, Ispra (Italy), April 4-5, 2005. From April 4, 2005, to April 5, 2005.

Organization, presidency, and editorship of the proceedings for the International Workshop on Seismic Performance Assessment and Rehabilitation of Existing Buildings (SPEAR), Ispra. From April 4, 2005, to April 5, 2005.

Regular participation, almost always as a member of the technical committee, at the Advances in Experimental Structural Engineering (AESE) conference, organized by the International Association for Experimental Structural Engineering (IAESE), with the role of vice president of IAESE with delegation for Europe. Organization and presidency of the IV edition in Ispra and publication of the proceedings from July 1, 2005, to present.

Participation as a speaker at a conference with paper: MOLINA F.J., MAGONETTE G., PEGON P., NEGRO P. - "Structural testing activities at the ELSA Laboratory of the European Commission," Proc. of the 1st International Conference on Advances in Experimental Structural Engineering, Nagoya, Japan, July 19-21, 2005. From July 19, 2005, to July 21, 2005.

Participation as a speaker at a conference with paper: NEGRO P., DIMOVA S.L. - "The challenges of performance-based design in structural testing," Proc. of the 1st International Conference on Advances in Experimental Structural Engineering, Nagoya, Japan, July 19-21, 2005. From July 19, 2005, to July 21, 2005.

Participation as a speaker at a conference with paper: MOLINA F.J., MAGONETTE G., PEGON P., NEGRO P. - "Structural testing activities at the ELSA Laboratory of the European Commission," Proc. of the 1st International Conference on Advances in Experimental Structural Engineering, Nagoya, Japan, July 19-21, 2005. From July 19, 2005, to July 21, 2005.

Participation as a speaker at a conference with paper: MOLA E., NEGRO P. - "Application of the Karhunen-Loewe method to the analysis of the results of a PSD test on a torsionally unbalanced

three-storey R/C building,” Proc. 4th European Workshop on the Seismic Behaviour of Irregular and Complex Structures, Thessaloniki, Greece, August 26-27, 2005. From August 26, 2005, to August 27, 2005.

Participation as a speaker at a conference with paper: MOLA E., NEGRO P. – “Application of the Karhunen-Loewe method to the analysis of the results of a PSD test on a torsionally unbalanced three-storey R/C building,” Proc. 4th European Workshop on the Seismic Behaviour of Irregular and Complex Structures, Thessaloniki, Greece, August 26-27, 2005. From August 26, 2005, to August 27, 2005.

Participation as a speaker at a conference with paper: DIMOVA S.L., NEGRO P. – “Modeling of construction deficiencies effects in the seismic response of reinforced concrete structures,” Eurodyn 2005, Paris, September 4-5, 2005. From September 4, 2005, to September 5, 2005.

Participation as a speaker at a conference with paper: BALSAMO A., MANFREDI G., MOLA E., NEGRO P., PROTA A. – “Seismic rehabilitation of a full-scale structure using GFRP laminates,” 7th International Symposium on Fiber Reinforced Polymers (FRP) Reinforcement for Concrete Structures, Kansas City (US), November 6-9, 2005. From November 6, 2005, to November 9, 2005.

Participation as a speaker at a conference with paper: DIMOVA S.L., NEGRO P., PINTO A. – “Seismic behaviour of the column – foundation connection of precast industrial RC frames,” Proceedings of the 2nd International fib Congress, Naples, June 5-8, 2006. From June 5, 2006, to June 8, 2006.

Participation as a speaker at a conference with paper: FERRARA L., MOLA E., NEGRO P. – “Cyclic test on a full-scale prototype of R/C precast single-storey industrial building,” Proceedings of the 2nd International fib Congress, Naples, June 5-8, 2006. From June 5, 2006, to June 8, 2006.

Participation as a speaker at a conference with paper: AYALA A.G., NEGRO P. – “Performance based seismic assessment and design,” Proceedings of the 1st European Conference on Earthquake Engineering and Seismology - 13th European Conference on Earthquake Engineering, Geneva, September 3-8, 2006. From September 3, 2006, to September 8, 2006.

Participation as a speaker at a conference with paper: MOLA E., NEGRO P. – “Interpretation of the results of PsD testing on a full-size RC plan-wise irregular building,” Proceedings of the 1st European Conference on Earthquake Engineering and Seismology – 13th European Conference on Earthquake Engineering, Geneva, September 3-8, 2006. From September 3, 2006, to September 8, 2006.

Participation as a speaker at a conference with paper: FERRARA L., MOLA E., NEGRO P. – “Pseudodynamic and cyclic testing of full-scale prototypes of precast R/C one-storey buildings,” Proceedings of the 1st European Conference on Earthquake Engineering and Seismology – 13th European Conference on Earthquake Engineering, Geneva, September 3-8, 2006. From September 3, 2006, to September 8, 2006.

Participation as a speaker at a conference with paper: NEGRO P., MOLA E. – “Performance-based engineering concepts: Past, present and future,” Proceedings of the 1st European Conference on Earthquake Engineering and Seismology – 13th European Conference on Earthquake Engineering, Geneva, September 3-8, 2006. From September 3, 2006, to September 8, 2006.

Participation as a speaker at a conference with paper: FERRARA L., MOLA E., NEGRO P. – “Pseudodynamic and cyclic tests on full-scale prototypes of precast one-storey industrial buildings” – 16th CTE Congress, Parma, November 9-11, 2006. From November 9, 2006, to November 11, 2006.

Participation as a speaker at a conference with paper: NEGRO P., MOLA E. – “Performance indicators for the seismic upgrading of existing irregular buildings” - Proc. of POLIS/BAS

International Conference, Bruges, 2006. From November 16, 2006, to November 17, 2006.

Participation as a speaker at a conference with paper: MOLINA RUIZ F., MAGONETTE G., PEGON P., NEGRO P. – “Seismic Tests at the ELSA Laboratory of the European Commission.” In Conference Proceedings: 3rd National Congress on Seismic Engineering. Madrid: Spanish Association of Seismic Engineering; 2007. pp. 1147-1160. From May 8, 2007, to May 11, 2007.

Participation as a speaker at a conference with paper: MOLINA F.J., MAGONETTE G., PEGON P., NEGRO P. – “Seismic tests at the ELSA Laboratory of the European Commission,” 3rd National Congress on Seismic Engineering, Girona, Spain, May 8-11, 2007. From May 8, 2007, to May 11, 2007.

Participation as a speaker at a conference with paper: FERRARA L., MOLA E., NEGRO P. – “Pseudodynamic and cyclic tests on full-scale prototypes of R/C precast one-storey buildings,” 5th International Conference on Concrete under Extreme Loading, Tours, France, June 4-6, 2007. From June 4, 2007, to June 6, 2007.

Participation as a speaker at a conference with paper: DI LUDOVICO M., MOLA E., MANFREDI G., NEGRO P., BALSAMO A. – “Seismic reinforcement of a full-scale reinforced concrete structure,” 12th National Congress on Seismic Engineering in Italy, Pisa, Italy, June 10-14, 2007. From June 10, 2007, to June 14, 2007.

Participation as a speaker at a conference with paper: FERRARA L., MOLA E., NEGRO P. – “Experimental investigation on the seismic Behaviour of single-story precast concrete buildings,” 12th National Conference “Earthquake Engineering in Italy,” Pisa, Italy, June 10-14, 2007. From June 10, 2007, to June 14, 2007.

Participation as a speaker at a conference with paper: FERRARA L., MOLA E., NEGRO P. – “Design of earthquake-resistant precast structures: lessons derived from a co-normative research project” – Proc. of the 4th International Conference on “THE CONCEPTUAL APPROACH TO STRUCTURAL DESIGN,” Venice, June 27-29, 2007. From June 27, 2007, to June 29, 2007.

Participation as a speaker at a conference with paper: MOLA E., NEGRO P. – “Seismic vulnerability reduction of existing irregular reinforced concrete structures: a case study” – Proc. of the 4th International Conference on “THE CONCEPTUAL APPROACH TO STRUCTURAL DESIGN,” Venice, June 27-29, 2007. From June 27, 2007, to June 29, 2007.

Participation as a speaker at a conference with paper: FERRARA L., MOLA E., NEGRO P. – “Experimental validation of the EC8 approach for the design of single-story precast buildings under seismic action” – Proceedings of the ‘Giornate AICAP 2007’, Salerno, October 2007. From October 4, 2007, to October 6, 2007.

Participation as a speaker at a conference with paper: MOLA E., NEGRO P. – “A critical review of current assessment procedures” – Proc. of the ‘International Workshop on Measures for the Prevention of Total Collapse of Existing Low-Rise Structures’, Istanbul, November 2007. From November 19, 2007, to November 21, 2007.

Participation as a speaker at a conference with paper: NEGRO P., MOLA E. – “The importance of torsional irregularity” – Proc. of the ‘International Workshop on Measures for the Prevention of Total Collapse of Existing Low-Rise Structures’, Istanbul, November 2007. From November 19, 2007, to November 20, 2007.

Participation as a speaker at a conference with paper: NEGRO P., ZHAO B. – “Recent experimental activities at ELSA for the needs of European standardization,” Proc. of the 2nd International Conference on Advances in Experimental Structural Engineering (2AESE) – Shanghai, China, December 4-6, 2007. From December 4, 2007, to December 6, 2007.

Participation as a speaker at a conference with paper: CONTINI G., MOLA E., NEGRO P. – “Assessment of the Seismic Performance of an Existing Plan-Wise Irregular Building.” In Conference Proceedings: Proceedings of the 5th European Workshop on the Seismic Behaviour of Irregular and Complex Structures. Catania (Italy): University of Catania; 2008. pp. 209-221.

From September 16, 2008, to September 17, 2008.

Participation as a speaker at a conference with paper: NEGRO P., MOLA E., CASCINI L., LANDOLFO R., PORTIOLI F. – “Life-Cycle Assessment of the Spear Building.” In Conference Proceedings: Peer Haller, editor. Sustainability of Constructions. Dresden (Germany): Technische Universität Dresden; 2008. From October 6, 2008, to October 7, 2008.

Participation as a speaker at a conference with paper: CONTINI G., MOLA E., NEGRO P. – “Practical Performance-Based Assessment of an Existing Plan-Wise Irregular Building.” In Conference Proceedings: Chinese, editor. Proceedings of the 14th World Conference on Earthquake Engineering. Beijing (China): University of Beijing; 2008. From October 12, 2008, to October 17, 2008.

Participation as a speaker at a conference with paper: COLOMBO A., NEGRO P., ZHAO B., LU X. – “Recent Collaborative Research Activities Between Europe and China on the Seismic Behaviour of Precast Structures.” In Conference Proceedings: Chinese Association for Earthquake Engineering, editor. Proceedings of the 14th World Conference on Earthquake Engineering. Beijing (China): University of Beijing; 2008. From October 12, 2008, to October 17, 2008.

Participation as a speaker at a conference with paper: COLOMBO A., NEGRO P. – “Experimental research on the seismic Behaviour of precast reinforced concrete structures: the role of ASSOBTETON and ELSA.” In Conference Proceedings: Politecnico di Milano, editor. Advances in R/C and Precast Constructions. Milan (Italy): Politecnico di Milano; 2008. From December 10, 2008, to December 10, 2008.

Participation as a speaker at a conference with paper: NEGRO P., COLOMBO A. – “Tailoring experimental strategy and setup: the long story of the seismic Behaviour of precast structures,” Proc. of the 3rd International Conference on Advances in Experimental Structural Engineering (2AESE) – San Francisco, California, October 15-16, 2009. From October 15, 2009, to October 16, 2009.

Participation as a speaker at a conference with paper: DATTILO C., NEGRO P., LANDOLFO R. – “An Integrated Approach for Sustainability (IAS): Life-Cycle Assessment (LCA) as a Supporting Tool for Life-Cycle Costing (LCC) and Social Issues,” Proceedings, Conference on Sustainable Buildings Affordable to All, Lisbon, 2010. From May 17, 2010, to May 19, 2010.

Participation as a speaker at a conference with paper: OLGIATI M., NEGRO P., COLOMBO A. – “SAFECAST Project: Definition and Analysis of the Three-Storey Precast Building,” Proceedings of the 14th European Conference on Earthquake Engineering, Ohrid (Republic of Macedonia), 2010. From August 30, 2010, to September 3, 2010.

Participation as a speaker at a conference with paper: MOLINA R.F., MAGONETTE G., PEGON P., NEGRO P. – “Severe Loading Tests on Large-Size Structures at ELSA Laboratory,” Proceedings of the SITEX Conference on Structural Monitoring and Status-Dependent Maintenance and Repair of Constructed Facilities, Bucharest, 2010. From October 7, 2010, to October 7, 2010.

Participation as a speaker at a conference with paper: MOLINA R.F., MAGONETTE G., PEGON P., PINTO V.A. – “Pseudo-Dynamic Testing, Evolution of the Method and the Testing Facilities,” Proceedings of the 8th National Congress on Seismology and Seismic Engineering, Aveiro (Portugal), 2010. From October 20, 2010, to October 23, 2010.

Organization, presidency, and editorship of the proceedings for the international conference 4th International Conference on Advances in Experimental Structural Engineering (4AESE), Ispra. From June 29, 2011, to June 30, 2011.

Organization, presidency, editorship of the proceedings, and participation as a speaker at a conference with paper: MOLINA J., NEGRO P., BOURNAS D., MARAZZI F. – “Proceedings of the 4th EFAST Workshop & 4AESE International Conference,” Ispra, Italy, June 29-30, 2011. From June 29, 2011, to June 30, 2011.

Participation as a speaker at a conference with paper: BOURNAS D., NEGRO P. – “Seismic performance of the mechanical connections in the SAFECAST building,” Proceedings of the 15th World Conference on Earthquake Engineering, Lisbon, 2012. From September 24, 2012, to September 28, 2012.

Participation as a speaker at a conference with paper: NEGRO P., BOURNAS D., MOLINA J. – “Seismic testing of the SAFECAST three-storey precast building,” Proceedings of the 15th World Conference on Earthquake Engineering, Lisbon, 2012. From September 24, 2012, to September 28, 2012.

Participation as a speaker at a conference with paper: MOLINA R.F., MAGONETTE G., PEGON P., NEGRO P., TAUCER F., POLJANSEK M., PINTO A. – “Cyber-physical testing of civil engineering structures at the ELSA laboratory,” Proceedings of the Workshop Issues on Mechanical and Civil Engineering, November 16, Madrid, 2012. From November 16, 2012, to November 16, 2012.

Participation as a speaker at a conference with paper: PERONI M, NEGRO P., SOLOMOS G – “Strain rate sensitivity of steel members in seismic resistant buildings,” Proceedings of the International Workshop on High Strength Steel in Seismic Resistant Structures, July 28-29, Naples, 2013. From July 28, 2013, to July 29, 2013.

Participation as a speaker at a conference with paper: DATTILO C., LANDOLFO R., ROMANO E., NEGRO P. – “An approach to include environmental assessment in structural design,” Proceedings of the XXIV C.T.A. Conference, The Italian Days of Steel Construction, September 30-October 2, Turin, 2013. From September 30, 2013, to October 2, 2013.

Participation as a speaker at a conference with paper: NEGRO P. – “Do we still need full-scale testing of complete structures?” Proc. of the 5th International Conference on Advances in Experimental Structural Engineering (5AESE) – Taipei, Taiwan, November 8-9, 2013. From November 8, 2013, to November 9, 2013.

Participation as a speaker at a conference with paper: NEGRO P., LAMPERTI M. – “The Role of Claddings in the Seismic Response of Precast Structures: The SAFECLADDING Full-Scale Tests,” Proceedings of the 2nd European Conference on Earthquake Engineering and Seismology, Istanbul, August 25-29, 2014. From August 25, 2014, to August 29, 2014.

Participation as a speaker at a conference with paper: TSIMPLOKOUKOU K., LAMPERTI TORNAGHI M., NEGRO P. – “A Sustainable Structural Design method to analyze structural and environmental performances of a building,” Proceedings of the IABSE Conference – Structural Engineering: Providing Solutions to Global Challenges, September 23-25, Geneva, 2015. From September 23, 2015, to September 25, 2015.

Organization, presidency, and editorship of the proceedings for the SAFESUST Workshop “A roadmap for the improvement of earthquake resistance and eco-efficiency of existing buildings and cities,” Ispra, November 26-27, 2015. From November 26, 2015, to November 27, 2015.

Participation as invited speaker: NEGRO P. - “Building Design for Safety and Sustainability”, Concrete Europe, Concrete Dialogue 2015: Citizens at the Heart of Sustainably-Built Environment, Brussels, November 19, 2015.

Participation as invited speaker: CAVERZAN A., LAMPERTI M., NEGRO P. – “Matching Safety and Sustainability”, fib Symposium: Sustainable Concrete: Materials and Structures”, La Valletta, Malta, April 10, 2018.

Participation as invited speaker: NEGRO P. – “The Challenge of Integrated Seismic and Energy Upgrading of Existing Buildings”, Building Engineering Forum, Sofia, October 20-21, 2021.

Participation as invited speaker: NEGRO P. – Combined Seismic and Environmental Renovation of Existing Buildings and the New European Bauhaus Initiative”, The 9th Kwang-Hua Forum: Innovations and Implementation in Earthquake Engineering Research on Engineering Resilience, Shanghai, China, December 10 to December 12, 2021.

Participation as invited speaker: NEGRO P. – “The New European Bauhaus Initiative and the Seismic and Environmental Rehabilitation of Buildings” Chamber of Engineers of Slovenia: Engineers’ Day, Renovation of Buildings and Infrastructures, Ljubljana, March 4, 2022.

Invited lecture: NEGRO P. – “Strategies for the Combined Improvement of Seismic Safety and Environmental Performance of the Existing European Building Heritage”, Aristotle University of Thessaloniki, Thessaloniki, Greece, May 5, 2022.

Participation with invited theme lecture: NEGRO P., ROMANO E. – “The Challenge of the Integrated Seismic Strengthening and Environmental Upgrading of Existing Buildings, Third European Conference on Earthquake Engineering and Seismology (3ECEES), Bucharest, from September 4, 2022 to September 9, 2022.

Participation with invited key-note lecture: NEGRO P. – “Punto di Vista Europeo, Progetto Pilota di Riqualificazione Integrata, Adeguamento Combinato delle Prestazioni Energetiche e della Resistenza”, Convegno Green Building e Obiettivi di Sviluppo Sostenibile: dal Green Washing alla Sostenibilità Allargata, Politecnico di Milano, September 28, 2022.

Participation with invited key-note presentation: NEGRO P. – “A Strategy for the Holistic Rehabilitation of Buildings and the New European Bauhaus”, NEXBUILT Conference, from May 9, 2024 to May 10, 2024.
